Message from our Commander

Dear Alumni Brother,

Welcome to the Epsilon Sigma Chapter's first annual fish fry! The active Brothers of the Chapter are very excited about today's festivities and we hope you are too. Your attendance today demonstrates your interest in the Chapter and your commitment to the values of Sigma Nu.

We hope today's visit brings back memories of your days as an active. This house is full of tradition, and I along with the other active Brothers would love to hear about your time as an active in addition to where the knowledge you gained through Sigma Nu has taken you!

The active Brothers and I are currently seeking to reestablish a personal connection with our entire alumni base. Today's event is the first step towards this goal. If you are interested in participating in the formation of the Alumni Chapter, the Alumni Advisory Board, and/or the Housing Corporation, I encourage you to talk to Brother John Gehrig about getting involved.

Enjoy this afternoon and thanks again for coming!

Fraternally,

Joe Doyle
Epsilon Sigma 1061
